<b>Outcome C - Reducing poverty and inequalities</b>															
Reducing worklessness amongst the working aged population (aged 16-59) of Oldham i) The number of people who have been claiming an incapacity benefit and living in one of the 7 priority wards helped by Oldham Partnership into sustained employment of at least 16 hours per week for 13 consecutive weeks or more (LAA43)	0	0 (75)	0 (86)	0 (99)	Data for this indicator will be reported in Qtr 4 06/07/ Qtr 1 07/08								<b>Responsibility - Alison Wells</b> <b>Comment on Performance:</b> IB activity contracted to Standguide and The Consortium ( H2O, TOC, Upturn, and Groundwork as partners) with regular monthly Steering Group meetings. Recruitment to Dec 06 has been slow with 15 participants to date. A Jobs Fair, specifically targeted at IB claimants scheduled for 19th Jan is expected to produce a substantial increase in participant volumes. Likewise the pre-recruitment training activity for Tesco's new store in Failsworth is expected to generate a significant volume of IB clients - 12 attended the first Open Day on 15th January <b>Risk Analysis: Amber - red</b> <b>Interventions Recommended:</b> Continued work with JCP to support IB client entry to the programme. <b>Interventions/Projects Current:</b> Tesco pre-recruitment initiative will increase IB claimant involvement and liaison with JCP personnel for future activities.	<b>Responsibility - Alison Wells</b> <b>Comment on Performance:</b> IB strategy written and funding approved by inaugural July E&E Board to commission project. Initial meeting of all interested deliverers + JCP and PCT explored 2 principal models of delivery ie all interventions via one deliverer and multi-agency delivery through intervention range superimposed on either the individual -centric or employer - centric route. SLAs to be negotiated and delivery implemented late October. Unlikely to achieve year 1 volume of 75 by March 07 due to 13 week employment qualifying timescale - forecast 10 to enter vacancies by last start date of New Year - but balance will be 'work in progress' with achievement in April - June reporting period. <b>Risk Analysis: Amber - red</b> <b>Interventions Recommended:</b> Implementation of planned IB into work project <b>Interventions/Projects Current:</b> IB into work (£160K)	<b>Responsibility - Alison Wells</b> <b>Comment on Performance:</b> Skills & Workforce Development Group identified need for targeted intervention to pilot approaches to delivery of this target. IB Strategy to be written and funding approved to commission IB programme (expected start September 2006) <b>Risk Analysis: Red</b> <b>Interventions Recommended:</b> Approval of funding to achieve target. Design of a composite programme of interventions exploring a range of delivery methodologies implemented by a number of organisations to source train and place IB claimants in suitable employment vacancies which with support will convert to sustained employment.
