

OLDHAM PARTNERSHIP – COMMISSIONED PROJECTS

LAA BLOCK:	CROSS CUTTING - COMMUNITY ENGAGEMENT (Culture: Creative Industries Projects)
-------------------	---

Project Name:	The Next Level
Project Summary:	
<p>This project will help support 10 emerging music workshop leaders to help them develop new funding packages and to submit a Culture 2000 bid to further support its work, so that they can continue to deliver much needed workshop programmes and at the same time move on to the next level of self employment.</p> <p>Additionally this programme of support will enable some artists to link into the Gallery 37 Youth Music programme currently being developed.</p> <p>The project aims to support the development of new creative industries in Oldham and in particular to support young people from a diverse range of backgrounds to set up music based businesses.</p>	

Project Name:	Growing the Network: An online portal for Oldham's Creative Industries
Project Summary:	
<p>This project will establish a website for Oldham's creative industries network which will act as a portal for information and advice, supplemented by a regular email bulletin. Each business will be given a page, detailing what services they provide, together with client examples, testimonials, etc. The site will have a regular news update and links to other information or interest as well as a marketing device, job opportunities, news and info about the sector, etc. The site will have a direct impact on supporting new creative businesses to grow and develop.</p>
